

the proposal

I would like to share the bead jewellery that I have created and provide a way for you to experience different bead necklaces, bangles and earrings throughout the year. By being a member of the bead exchange you get to choose from a wide variety of bead jewellery, two or three items at a time to wear, when you want a new look bring them back and swap them for others. If you want to keep the items simply purchase them and try more out. As the collection is added to and swapped around the items will be constantly changing and fresh. What better way to enjoy funky, contemporary jewellery?

the rules

Membership to Bec's Bead Exchange is an annual charge of \$20 for two items, or \$30 for three. This fee covers repairs and expansion of the collection. Beads can be swapped as many or as little times as you like during the year but must be returned once a year for stock-take and any repairs. If the jewellery needs repair simply bring it back for fixing or exchange at no extra cost. All the beads are for sale so if you wish to purchase an item then contact Bec for a price. If the items are lost while in your care then you will need to pay for replacement. Beads available will be housed at Bec's place - 33 Beach Rd, Haumoana. Please phone to view or exchange (06) 8750 426.

the application

I wish to be a part of Bec's Bead Exchange
